

Wendy Griffin's Hall of Fame Presentation

Wendy played her first shuffleboard game in 1995 and was immediately hooked on the sport. No one taught her what a hide or a blocking shot was but she still managed to place 2nd to an 85 year old in her park's "Ladies Singles" tournament that year.

She didn't get to play again until fall of 98, when she started wintering in Zephyrhills. Her choice of park was based upon their shuffleboard program and she played twice a day every day, and John MacLennan finally taught her what a Tampa was. He took her to her first tournament in February 2000 where they got 3rd in consolation.

Wendy played in her first Reiny the 2001-2002 season and took first place. She won first place again the next year as a State Am. Wendy turned pro in 2003 and has qualified for every Central Pro Masters since.

Wendy won both Florida State Singles tournaments she has entered, the Non-walking the first year she turned pro and the Walking division this year.

Wendy loves shuffleboard, never met a partner she didn't like, and thoroughly enjoys playing, win or lose.

Presented by John MacLennan - 2010
