

## **Diana Morrison's Hall of Fame Presentation**

You may wonder how I was selected to make this presentation. Well, I was Diana's partner at Winter Haven, and unknown to me she needed three points to make her 100<sup>th</sup> point so you can guess my surprise at how excited she was when we won our semi-final match. So after she asked me, I got busy writing a speech telling how many National Tournaments she has won and that she is one of the top players in the State of Florida and is already in the State Hall of Fame. Then she insisted that I keep the presentation short and not mention the National or State accomplishments.

So keeping with those wishes it is with great pleasure that I present a great shuffler and my friend, Diana Morrison for induction into the Florida Shuffleboard Association, Central District Hall of Fame.
